

Create a Juniper Networks PearsonVUE testing account

- You cannot use your PearsonVUE testing account for another vendor. A Juniper specific PearsonVUE testing account is required to take Juniper exams
- Complete this process at least seventy-two (72) hours before testing

1. Go to www.pearsonvue.com/junipernetworks
2. Click on 'Create Account' on the right side of the screen
3. Review and agree privacy policy
4. If you already have a CertManager ID, check the 'Yes' box and enter your CertManager ID

NOTE: You may have a CertManager ID without a Juniper Networks PearsonVUE testing account if the last Juniper exam you took was prior to October 2013. Go to www.juniper.net/certmanager/ to look up your CertManager ID.

5. If you do NOT have a CertManager ID, check the 'No' box
6. Enter your Personal Information in the appropriate fields

NOTE: Your name must match the name on your government issued photo identification or you will not be allowed to test under this account

7. Enter and confirm your email address in the appropriate fields and click on 'Next'
8. Enter your address and telephone information and click on 'Next'
9. If requested, enter your email address again and click on 'Next'
10. You are able to login immediately if the information you entered does not raise a duplicate account flag
11. You will receive an email within 3 days with instructions to login if the account information you entered contains details that match an existing Juniper Networks account

NOTE: You will not be able to register for your exam until you receive the email notification with instructions to login.

Contact us at certification@juniper.net if you have any questions.
