

On-base Pearson VUE testing centers offer opportunity and convenience.

US Military installations worldwide deliver exams on-base to reduce disruption to work and family schedules. Pearson VUE even delivers the same certification opportunities to U.S. Service members stationed abroad.

“Certification is the key link between Service members’ training and experience, and it translates military qualifications into civilian terms.”

Master Chief Petty Officer Tim Zernick
DANTES Special Enlisted Advisor

Professional
credentials
and **Your future**

Your country
Your unit
Your family

Developed to improve transition preparation, veteran employment and military spouse career portability, professional certifications are an integral part of high-priority government and DoD funding programs.

Credentialing Opportunities On-Line (COOL)

COOL helps Service members in all branches find information on credentials and licenses related to their jobs in the military and defines the paths needed to earn civilian and federal positions.

The professional credentials that can increase your advancement and earning potential could cost you nothing.

The military invests extensively in training that leads to professional certification, including providing funding opportunities through various programs:

- Montgomery and Post-9/11 GI Bills
- Credentialing Opportunity On-Line (COOL)
- MyCAA and grant or scholarship funding for eligible military spouses.

Learn more about how COOL works in your branch by visiting PearsonVUE.com/military/funding.

A credential for nearly every career.

Pearson VUE, the Department of Defense and leading credentialing organizations have joined forces to offer a wide range of certifications that prove expertise in a variety of rewarding professions.

Certification exams ranging from introductory to expert levels in the following specialties are available at on-base testing centers:

- Academic and admissions
- Architecture and engineering
- Employment and HR
- Financial services
- Government
- Healthcare
- Information technology (IT)
- Management
- Nonprofit
- National, environmental & food safety
- State licensure in regulated industries such as insurance, real estate, cosmetology and teaching
