Overview

This handbook provides information about the examination and licensing process for Oklahoma Agriculture testing candidates. It is highly recommended that you review this information before taking an exam.

Individuals who wish to obtain a pesticide applicator license in Oklahoma must:

1. **Determine the exam(s) that you need to take for your certification/licensure and confirm that you are eligible.**

Before scheduling an exam reservation, review which exam(s) you need to take and confirm that you are eligible to take each exam. See **Exam Eligibility** for details. Contact the Oklahoma Department of Agriculture with questions.

2. **Make an exam reservation and pay the exam fee(s).**

Make a reservation (online or by phone) with Pearson for the exam. Online reservations can be made at <https://www.pearsonvue.com/us/en/ok/agriculture.html>.

3. **Go to the test center.**

Go to the test center on the day of your exam and bring along all required identification items. See **What to Bring** for details.

4. **Apply for a license through your state licensing board.**

After passing your exam(s), you may apply for your pesticide applicator license through the Oklahoma Department of Agriculture. See **Pesticide Applicator Licenses** for more information. Contact the Oklahoma Department of Agriculture with questions.

Licensure Process

Licensure is the process by which an agency or state government or other jurisdiction grants permission to individuals to engage in the practice of a particular profession, vocation, or occupation and prohibits all others from legally practicing that profession. By ensuring a minimum level of competence, the licensure process protects the general public. The state regulatory agency is responsible for establishing the acceptable level of safe practice and for determining whether an individual meets that standard.

The Oklahoma Department of Agriculture has commissioned the services of Pearson to administer its licensing examination program. Pearson is a leading provider of assessment services to regulatory agencies and national associations.

Exam Eligibility

Certified Applicator Exams

- **If you are not currently a certified applicator**, you must take the core exam **and** a category exam to become a certified applicator.

You must schedule an exam reservation for the core exam first and pass the exam before you can schedule a category exam. Once you have passed your core exam, you have one year to take your category exam.

- **If you are certified as a certified applicator**, you do not need to take the core exam and can proceed with scheduling your category exam.

Additionally, if you are already certified in a category and wish to certify in another category, you do not need to retake the core exam as long as you have kept your certification current.

- The following categories require a practical exam in addition to the core and category exams:
 - 7a - General Pest Control
 - 7b - Structural Pest Control
 - 7c - Fumigation

Practical exams for these categories are administered at Oklahoma State University (OSU) in Stillwater and must be taken within 12 months of passing your category exam. Failure to pass the practical exam within 12 months will require retaking the category exam. Contact the Oklahoma Department of Agriculture for more information.

Aerial Exam

The Aerial exam requires that you first take and pass the core exam as well as the category exam(s). The Aerial exam cannot be taken alone or prior to passing the core and category exams.

Service Technician Exam

If you are taking the Service Technician exam, you do not need to take the core exam. You only need to take the Service Technician exam.

Private Applicator Exam

If you are taking the Private Applicator exam, you do not need to take the core exam. You only need to take the Private Applicator exam.

Certification and Licensure

Pesticide Applicator Licenses

A pesticide applicator license is required for anyone to act, operate, do business, or advertise commercially or non-commercially. All currently licensed commercial and non-commercial applicators must apply for a license renewal annually.

Certified Applicator License

After passing all necessary examinations (i.e., core, category, and practical, if required), you will be issued a certified applicator certification card. This certification card is not a license to do pesticide applicator work. If you wish to do pesticide applicator work (commercial, non-commercial, or consultant), a pesticide applicator license must be obtained by you or your employer. Contact the Oklahoma Department of Agriculture for licensure instructions.

Service Technician Identification Card

After passing your Service Technician exam, your employer must request to add you to their license.

Private Applicator License

Private applicators are issued a license after successful completion of the Private Applicator exam. After passing your exam, submit your completed application form to the Oklahoma Department of Agriculture.

Reciprocal Certification

If you are a certified applicator in another state, you may be able to attain certification in Oklahoma under a reciprocal agreement. Contact the Oklahoma Department of Agriculture for more information.

Recertification Requirements

Each category recertifies on a five year schedule, not based on the date you were certified. All certified applicators in a category are recertified on the same five-year schedule (e.g., 2022 through 2026, 2023 through 2027, etc.). For example, if you were initially certified in Agricultural Plant in 2025, you will need to recertify in 2028 because that is the year the Agricultural Plant category recertifies.

Recertification for certified applicators can be achieved by completing your category exam(s) again or by obtaining enough continuing education units (CEUs) to recertify in each category.

Note: Recertification for Service Technicians can be achieved only by retaking the Service Technician exam.

For more information on recertification requirements, see <https://ag.ok.gov/pesticides/> or contact the Oklahoma Department of Agriculture.

Exam Reservations

Schedule an exam appointment online at <https://www.pearsonvue.com/us/en/ok/agriculture.html> or by calling Pearson at (877) 520–6083.

Test Center Locations

Pearson test centers are available throughout the United States and U.S. territories. Visit <https://www.pearsonvue.com/us/en/ok/agriculture.html> to find a local test center.

Oklahoma and Surrounding States

Pearson offers 42 test center locations in Oklahoma as well as 49 company-owned test centers in the neighboring states of Arkansas, Colorado, Kansas, Missouri, New Mexico, and Texas.

Military Test Centers

Pearson also offers exams at test centers located on military installations across the globe. Service members, dependents, and contractors with authorized base access who wish to gain licensure from their duty station or assignment in another state or foreign deployment have the option to take their exams without leaving their base.

To gain access to on-base military test centers, you must have a valid government ID **and** authorization to enter the base. Civilians without valid government ID and authorization to enter the base will be turned away by the test center and/or military gate security. Your exam will be recorded as a 'No Show', and you will not receive a refund for your missed exam.

To locate an on-base military test center, visit <https://www.pearsonvue.com/us/en/ok/agriculture.html> and select the **Find a test center on a military base**.

Making an Exam Reservation

Online reservations (<https://www.pearsonvue.com/us/en/ok/agriculture.html>) are the most efficient way to schedule your exams. You must make an online reservation at least 48 hours before the desired examination date. **Walk-in examinations are not available.**

If you wish to make a phone reservation at (877) 520–6083, you must do so at least 48 hours before the desired examination date.

Before making a reservation, you should have the following:

- Legal name, address, email address, daytime telephone number, date of birth, and driver's license
- Name of the exam(s)
- Preferred examination date and test center location

Exam Fees

Exam fees must be paid at the time of the reservation by credit card, debit card, or voucher. **Fees will not be accepted at the test center.** Exam fees are non-refundable and non-transferable, except as detailed in the **Change/Cancel Policy**.

Vouchers

Vouchers offer another convenient way to pay for exams. They can be purchased online at <https://voucherstore.pearsonvue.com/order?clientCode=OKAGRICULTURE> by credit card, either individually or in bulk. To redeem a voucher as payment when scheduling an exam, select voucher as the payment method and provide the voucher number. All vouchers are prepaid, non-refundable, and non-returnable.

Vouchers expire 12 months from the date they are issued, and expiration dates cannot be extended. An exam must be taken by the expiration date printed on the voucher.

Change/Cancel Policy

If you wish to cancel or reschedule your examination without penalty, you must do so **at least 48 hours before the examination**.

Visit <https://www.pearsonvue.com/us/en/ok/agriculture.html> to cancel online or call Pearson at (877) 520-6083 to cancel by phone. If you wish to change or cancel a reservation and have provided proper notice, you may transfer the fees to a new reservation or request a refund. Refunds for credit or debit card payments are processed immediately while refunds for payments made with vouchers are processed within two to three weeks. **If you change or cancel your reservations without proper notice, you are responsible for the exam fee.**

You are individually liable for the full amount of the exam fee once a reservation has been made, whether paid individually or by a third party.

Absence/Lateness Policy

If you are absent from or late to an exam, you may call Pearson within 14 days of the examination date to request an excused absence for the following reasons:

- Illness or illness of your immediate family member
- Death in your immediate family
- Disabling traffic accident
- Court appearance or jury duty
- Military duty
- Weather emergency

A case number will be assigned, and instructions will be provided for you to email supporting documentation. If you are absent from or late to an exam and have not changed or canceled the reservation according to the **Change/Cancel Policy**, you will not be admitted to the exam and will forfeit the exam fee.

Weather Delays and Cancellations

If severe weather or a natural disaster makes the Pearson test center inaccessible or unsafe, the examination may be delayed or canceled. Pearson will notify you and cancel your exam in the case of severe weather.

Pearson Holiday Schedule

Testing may be unavailable on U.S. federal holidays and, in some cases, holiday weekends.

Accommodations

Pearson complies with the provisions of the Americans with Disabilities Act as amended. The purpose of accommodations is to provide candidates with full access to an exam. Accommodations are not a guarantee of improved performance or exam completion.

Pearson provides reasonable and appropriate accommodations to individuals who demonstrate a need for accommodations. Test accommodations may include things such as:

- Separate testing room
- Extra testing time
- Reader or recorder (for individuals with mobility or vision impairments who cannot read or write on their own)

Test accommodations are individualized and considered on a case-by-case basis. All candidates who are requesting accommodations because of a disability must provide appropriate documentation of their condition and how it is expected to affect their ability to test under standard conditions. This may include:

- Supporting documentation from the professional who diagnosed the condition, including the credentials that qualify the professional to make this diagnosis
- Description of past accommodations that the candidate has received

The steps to follow when requesting test accommodations vary, depending on the test program sponsor. To begin, visit <https://www.pearsonvue.com/accommodations> and select the test program sponsor from the alphabetized list. If you have additional questions concerning test accommodations, you may contact the ADA coordinator at accommodationspearsonvue@pearson.com.

All registrations with accommodations must be rescheduled and/or canceled through the Pearson call center at (800) 466-0450, option 3.

Note: Pearson cannot read or record pesticide labels for candidates.

English as a Second Language (ESL)

If English is not your primary language, you may request **30 minutes of additional time** for your exam by submitting the ESL Request Form to Pearson. You must include a letter from either your English instructor or sponsoring company (on official company letterhead) stating that English is not your primary language.

Do not make an exam reservation until after you have been notified by Pearson via email that your request for additional time has been approved. The length of your exam will be extended by 30 minutes. For example, a 75-minute examination will be extended to 1 hour and 45 minutes (105 minutes).

No other accommodations are granted for ESL (i.e., separate testing room, reader, marker, etc.). These accommodations are for individuals who qualify under the American's with Disability Act (ADA) only.

If you have additional questions about ESL exams, contact the special examination coordinator at (800) 466-0450.

Preparing for an Exam

Helpful Hints

- Double check the physical address of the test center to ensure that you can arrive 30 minutes prior to your exam time.
- Ensure that you have the proper identification for exam admission.

Timed Examination

Following a practice tutorial, you begin the timed examination. You should read all on-screen instructions carefully before beginning the exam. The exam time starts as soon as you look at the first question, and a digital clock on the screen indicates the time remaining on the exam. When the maximum allowed time is reached, the exam will terminate automatically.

One examination question is presented at a time, and answer choices to the question are identified with letters (i.e., A, B, etc.). You can type a letter on the keyboard or use the computer mouse to select the chosen response. You may navigate forward and backward through the exam, question by question, and may change answers as many times as desired during the exam time limit.

A question may be left unanswered and can be returned to later within the session, if needed. If not all questions have been answered, it is recommended that you use any time remaining to answer those questions. There is no penalty for guessing, so you should be sure to answer all questions before ending the exam.

Answering Exam Questions

Your exam score is based on the number of questions answered correctly. Since it is to your advantage to respond to each question, it is recommended to answer questions that are known first and then, if time permits, return to any more difficult questions that may have been left unanswered initially.

Pretest Questions

In addition to the scored questions, many exams also include non-scored, pretest questions. You are asked to answer these questions, but they are not included in the scored examination result. Pretest questions are dispersed throughout the exam and are not identified separately from scored questions. This ensures that you answer pretest questions in the same manner as scored questions and allows the pretest questions to be validated as accurate and appropriate before they are included in future exams.

Exam Day

If you do not present the required items, you will be denied admission to the examination, will be considered absent, and will forfeit the exam fee.

What to Bring

All candidates are required to bring identification that is deemed acceptable to the test center on the day of examination.

Acceptable Forms of Identification

You must present **one form of current identification**. The identification must be government-issued and photo-bearing with a signature. Your identification must be in English and exactly match the name used to register for the exam.

If the name on the exam registration does not exactly match the name on the IDs presented, you will not be allowed to test, and the exam fee will be forfeited.

Identification Examples

- Government-issued driver's license
- U.S. Department of State driver's license
- U.S. learner's permit (plastic card only, with photo and signature)
- National/state/country identification card
- Passport
- Passport card
- Military ID
- Military ID for spouses and dependents
- Alien Registration Card (Green Card, Permanent Resident Visa)

If the ID presented has an embedded signature that is difficult or impossible to read or is not visible (microchip), you must present another form of identification from the ID list that contains a visible signature.

Pearson does not recognize grace periods. For example, if your driver's license expired yesterday, and the state allows a 30-day grace period for renewing the ID, the ID is considered to be expired and will not be accepted for testing. Newly renewed licenses which result in a temporary paper license will be accepted as long as the expired plastic license is also provided.

Exam Procedures

You should report to the test center 30 minutes before the exam and check in with the test center administrator. Your identification and other documentation will be reviewed, and you will be photographed for the score report. You are required to review and sign a Candidate Rules Agreement form. If the Candidate Rules Agreement is not followed and/or cheating or tampering with the examination is suspected, it will be reported as such, and the appropriate action will be taken. The exam fee will not be refunded, the exam may be determined invalid, and/or the state may take further action, such as prohibiting you from retaking the exam and/or denying a license.

You will have an opportunity to take a tutorial on the computer on which the exam will be administered. The time spent on this tutorial will not reduce the examination time. The test administrators will answer questions, but you should be aware that administrators are not familiar with the content of the exams or with the state's licensing requirements. Test administrators have been instructed not to advise candidates on the requirements for licensure.

You may begin the exam once you are familiar with the computer. The examination begins as soon as you look at the first exam question. The examination will end automatically after the examination time has expired, and you will leave the test center with your official scores in hand.

Pearson Testing Policies

The following policies are observed at each test center. **Candidates who violate any of these policies will not be permitted to finish the examination and will be dismissed from the test center, forfeiting the exam fee.**

- **No personal items are allowed in the testing room.** Personal items include but are not limited to: cellular phones, hand-held computers or other electronic devices, pagers, watches, wallets, purses, firearms or other weapons, hats, bags, coats, books and/or notes, pens, and pencils. Additional security screening steps are required at Pearson Professional Centers.
- Candidates must store all personal items in a secure area as indicated by the administrator or return items to their vehicle. All electronic devices must be turned off before storing them in a locker. **The test center is not responsible for lost, stolen, or misplaced personal items.**
- Studying is not allowed in the test center. Visitors, children, family, or friends are not allowed in the test center.
- Dictionaries, books, papers (including scratch paper), and reference materials are not permitted in the exam room (unless permitted by the exam sponsor), and candidates are strongly urged not to bring such materials to the test center. Upon entering and being seated in the testing room, the test administrator will provide the candidate with erasable notebooks to make notes or calculations and any other items specified by the exam sponsor. **The candidate may not write on these items before the exam begins or remove these items from the testing room.**
- Eating, drinking, chewing gum, smoking, and/or making noise that creates a disturbance for other candidates is prohibited during the exam.
- Break policies are established by the exam sponsor. Most sponsors allow unscheduled breaks. To request an unscheduled break, the candidate must raise their hand to get the administrator's attention. **The exam clock will not stop while the candidate is taking a break.**

- Candidates must leave the testing room for all breaks. However, **candidates are not permitted to leave the floor or building for any reason during this time, unless specified by the administrator and the exam sponsor.** If a candidate is discovered to have left the floor or building, they will not be permitted to proceed with the examination and may forfeit the exam fees.
- While taking a break, candidates are permitted to access personal items that are being stored during the exam only if necessary — for example, personal medication that must be taken at a specific time. However, **a candidate must receive permission from the administrator prior to accessing personal items that have been stored.** Candidates are not allowed to access other items, including but not limited to cellular phones, exam notes, and study guides, unless the exam sponsor specifically permits this.
- Any candidate discovered causing a disturbance of any kind or engaging in any kind of misconduct — giving or receiving help; using notes, books, or other aids; taking part in an act of impersonation; or removing exam materials or notes from the testing room — will be summarily dismissed from the examination and will be reported to the state licensing agency. Decisions regarding disciplinary measures are the responsibility of the state licensing agency.

Examination Security

Pearson maintains examination administration and examination security standards designed to ensure that all candidates are given the same opportunity to demonstrate their abilities and to prevent any candidates from gaining an unfair advantage because of testing irregularities or misconduct. Pearson routinely reviews irregularities and exam scores believed to have been earned under unusual or non-standard circumstances.

Pearson maintains the right to question any exam score whose validity is in doubt because the score may have been obtained unfairly. Pearson first undertakes a confidential review of the circumstances contributing to the questions about score validity, and if there is sufficient cause to question the score, Pearson will refer the matter to the state licensing board, which makes the final decision on whether or not to cancel the score.

For security reasons, exam materials are not available to candidates for review.

Copyrighted Examination Questions

All examination questions, each form of the examination, and any other examination materials are copyrighted and are the property of Pearson and/or the state licensing board. Consequently, any distribution of the examination content or materials through any form of reproduction or oral or written communication is strictly prohibited and punishable by law.

Score Reporting

When you complete the examination, you receive a score report marked “pass” or “fail” before leaving the test center.

If you passed the exam, you will receive a score report with information on how to complete the licensure process with your state licensing board. If you failed the exam, you will receive a score report that includes a numeric score and diagnostic information for the exam as well as information about reexamination.

Scoring Process

A passing score of 70% was set by the Oklahoma Department of Agriculture. To avoid misuse of score information, numeric scores are only reported to candidates who failed the exam.

Duplicate Score Reports

You may log in to your Pearson account to obtain a duplicate score report (for exams taken on or after October 1, 2026).

For exams taken prior to October 1, 2026, contact the Oklahoma Department of Agriculture.

Retake Requirements

If you fail your exam and wish to retake it, you must schedule a new exam reservation online at <https://www.pearsonvue.com/us/en/ok/agriculture.html> and pay another exam fee. Fees for reexamination are non-refundable and non-transferable.

If your original exam was revoked due to a technical issue, you may be permitted to retake the exam without paying a new exam fee, but you must contact Pearson and request an override. Your case will be investigated, and your request for a retake will be granted or denied based upon the circumstances by which the original exam was revoked or terminated.

Questions or Comments about the Exam

If you have questions, comments, or concerns related to the exams, score, or score reports or wish to verify any data held in Pearson files, direct written inquiries to Pearson at the address provided at the beginning of this handbook. You may also email your questions directly to Pearson Customer Service at pearsonvuecustomerservice@pearson.com.

In all correspondence, you should provide your name and address information. If questions or comments concern an examination already taken, you should also include:

- the name of the examination
- the date the examination was taken
- the location of the test center

ENGLISH AS A SECOND LANGUAGE (ESL) REQUEST FORM

Note: Only candidates who require additional examination time for ESL should use this form.

Candidates who wish to request additional time for ESL should email this form to AccommodationsPearsonVUE@pearson.com or fax this form to Pearson VUE at 610-471-0555. Please attach a letter (on official letterhead) from an instructor or employer that verifies English is your second language.

All requests must first be approved by Pearson VUE. Candidates must wait for confirmation of the approval before scheduling an examination.
