CertPREP
COURSEWARE

all-in-one

Introducing the comprehensive learning toolkit that saves you time and money.

> "The CertPREP courseware was really great and allowed me to spend less time trying to integrate resources; I loved having all the content videos, labs, and practice exams in one place."
>
> *– Stephen Freed, IT Career Lab Instructor*

> "The practice tests were well laid out at the end of each chapter and the labs are integrated into the materials, meaning you didn't have to go into a second screen or a second monitor making teaching more efficient and learning even better."
>
> *- Matt Nation, Managing Director, Verhoef Training*

CertPREP courseware includes all the tools needed to learn, practice and certify.

Quizzes & case studies

Built-in activities at the end of each section ensure concepts are grasped and retained for greater exam success.

Live labs

Fully integrated labs allow students to practice in sandbox environments so they can test their skills without exiting the courseware.

Instructor PowerPoints

Pre-built, customizable PowerPoint decks save you time preparing for class.

Digital content

Lessons are strategically mapped to exam objectives so students are set up to succeed and earn their certification.

Practice tests

Comprehensive practice tests from MeasureUp are integrated at the end of each course to assess exam readiness.
