

Meet your newest competitive advantage: CertPREP training labs

The ultimate in hands-on learning

“This is a cloud-hosted environment that allows me to develop virtual labs that students can access from home or anywhere. Labs are deployed on-demand when students launch them.”

- Christopher Leeson, Senior Cloud System Administrator,
County Community College

“Clearly best in class. This product is really the only one of its kind. The ease of integration and usability is what makes it stand out.”

- Keatron Evans, Managing Consultant at
KM Cyber Security, LLC

CertPREP training labs provide true value for students before, during, and after training.

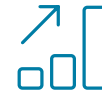

Practical experience

Enhance your courses with blended learning experiences that set your candidates up for success.

Flexible study options

Give students the choice of purchase options with access passes covering three, six, and twelve months.

Tailored learning

Utilise training labs in three different levels: Guided, Advanced, and Expert, helping you meet the needs of all your learners.

Digital badges

Allow them to share accomplishments across their network with digital badges to stand out in a competitive job market.

Certification prep

Help candidates focus on training labs that map to some of the most popular certifications.

Unique labs

Provide skill development and assessments to help students train across multiple platforms and cloud technologies.
